

ICFM NEW ZEALAND - 2011

Pastor George to Col:

I sense and I feel right now, I am standing in your (Terri) Father's office. I am in it, it happens every so often. I stand in it in a degree, but I am in it In full force, and it is as if Brother Copeland himself is speaking to you from the Lord tonight.

I speak this word, and I speak it clearly, and I speak it strongly. You are entering into a phase of your ministry that you never thought you would touch before. There is a stirring on the inside of you to do some things, some you know of and some you have no idea. BUT YOUR commitment to me guarantees that those things will be done, they will be fulfilled. And I have set you over nations. I have set you in a place, because you have proved yourself, and you have done what it takes, and now there is going to be a prophetic place in you that you have never experienced before. And begin now to press in to that prophetic office. Because there will be things that you say, and there will be things that you declare, that will literally shake the nations. You are at that point, you are there now, and you are going to walk in it!

And so, and I think you (Terri) need to lay hands on him, as a prophet of God. Terri - In the name of Jesus, all the gifts, all the enduements and endowments necessary to stand in the office of the Prophet in a higher order, in the name of Jesus, imparted to you by faith, under the commission and direction of the Holy Spirit, and the Head of the Church, the Lord Jesus Himself, In Jesus name, seat you in that place, in that seat, in that position that you were ordained to stand in before the foundation of the world. Amen.

Ps. George - Everything, everyTHING that we have done over the last two weeks, has brought us to this moment right here, it has led us to this moment. For this is the most significant thing that has happened in this trip. In the very last seconds of our time here, the impartation of the prophets anointing, is what has been done. And the plan is, that we will return to Fort Worth and we will report to your father, we will tell him what was done, and what was accomplished, and he will be in total agreement with it. He will be in complete agreement with what took place here. "Operate in the office of the Prophet." Thank you Lord, Thank you Lord

I have, (he will hear this), But I have seen people, hands laid upon them for the office of a prophet, but I have not seen them do what it takes. It's almost like they don;t believe it; they don't acknowledge it. But Col Stringer, you better find out, **all** about the office of the prophet. You better learn of that, and walk in it confidently, with a confident boldness. You speak, and it will be done. You declare and it shall come forth. And you will operate in degrees of the fulness of that office as the days begin to go by. This new anointing is upon you and wltin you tonight. Believe it, receive it and walk in it. Thank you Lord.
