activity. (Kite flying, etc)

Answered: 45 Skipped: 264

1 . Let the kids kick a ball around, play and run.

2 . Sitting, walking dogs.

3 . On tennis team. Play often.

4 . L

5 . pickle ball

6 . Dog walking

7 . N/A

8 . The picnic tables next to the basketball/pickleball court are used for breaks and rest.

9 . Football, kickball

10 . walking

11 . I mainly use the pool area

12 . We need a dog park

13 . pickleball

14 . Pickle Ball

15 . none

16 . Instead of Gazebo by the lake how about a rice pergola? They are a more updated look plus the gazebo was too small. I felt like I had to duck to walk into it. Waterfall feature pretty but too large and needs updating

17 . Club activities-Spring Fling, etc.

18 . Our "various uses" of the Clubhouse include such things as: 1) attending Carriage Home meetings, 2) picking up or dropping off books at the library, 3) occasional use of the fitness center, 4) stopping into the office to send a fax, pickup a calendar, etc. and 5) participating in an activity planned by and for Carriage Homes.

19 . Would like to have some shuffle boards!

20 . Use the pool for swimming and other areas mentioned above for entertainment

21 . Walking

22 . Playing catch

23 . Pickle ball at the basketball court, we have to go to outside areas because there is only one court and to many people. Basketball court not set up for pickle ball.

24 . Kids running around playing.

25 . We go bike riding and golf

26 . Watching pickle ball and basketball when not playing

27 . Pickleball and Bocceball

28 . Need Gazebo, more pickleball courts, more parking, wheelchair accessibility, paths and walkways.

29 . The gym room is very small (equipment is very close together). Some people use this room to socialize so sometimes it is very crowded for those working out. Gym should be included in survey. We use gym every day.

30 . Why is if we reside here for 6 months or less relevant . We pay our fees year round. Pool deck: swimming, lounging and socializing.

Clubhouse: meetings, social activities, library

Court: pickleball, basketball hoops

31 . Pickleball daily/current resources are extremely minimal with a temporary net and poor lines. Court is covered with mud, drainage is bad, people use the area as a potty park for dogs. There is no backstop to keep the balls from going into the parking lot (unsafe). Court is too small causing players to transition from grass to concrete (hazardous)!

32 . N/A

33 . space for kids to run around and not be considered nuisances

41 . J

42 . water aerobics, quilting crafts, games: Mexican train, wine and cheese

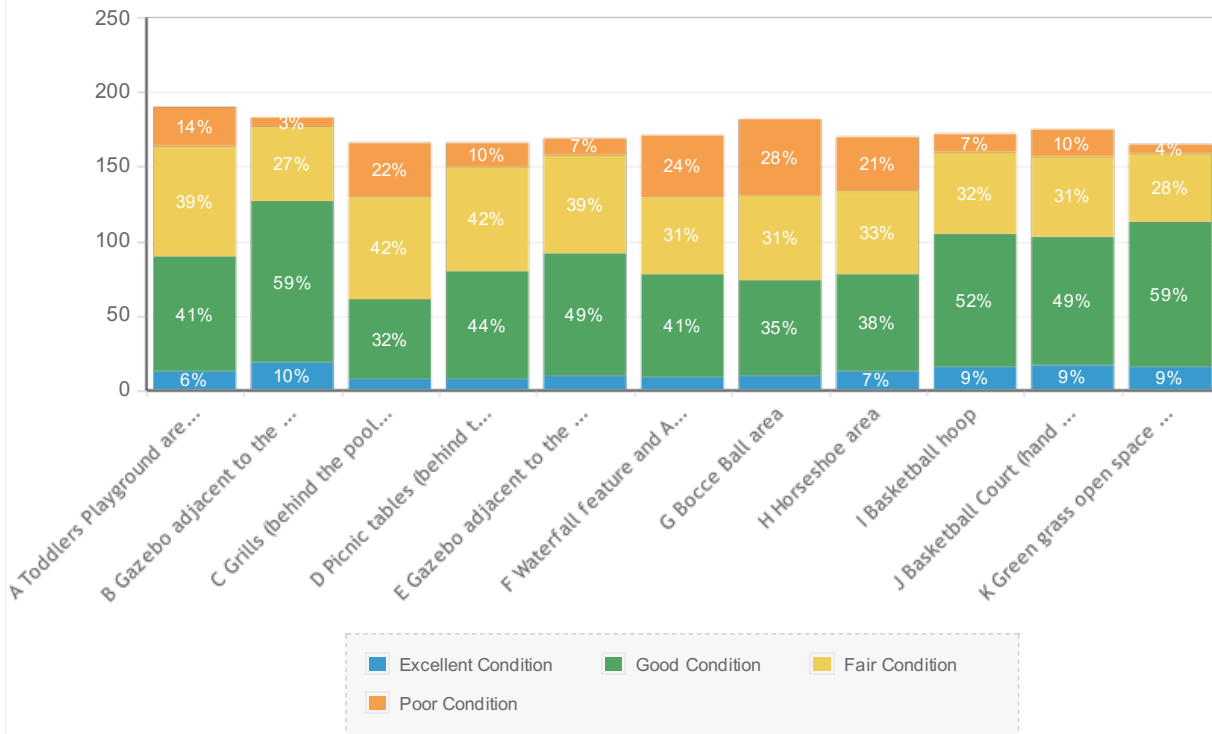

43 . bass fishing on lake bank

44 . I walk my dog up to the clubhouse several times a week, walking around the grounds crossover over the pond and sitting in the gazebo for 10 minutes. Used to come to clubhouse for dominoes and line dancing (which was dropped). Now play pickleball instead of dominoes. Would love to have 2-3 pickleball courts at the clubhouse grounds. The one lined out on the basketball court is not enough for the number interested players we have and so we have to go elsewhere to play. It's been a great way to make friends in the neighborhood.

45 . add pickleball courts, fenced 2 to 3 can only use basketball court during time children are in school

Answered: 53 Skipped: 256

1 . We have not used above facilities.

2 . Since I don't use the, I don't know the condition they are in.

3 . Need to fix Basketball hoop and need lights for playing in the evening

4 . I don't use these amenities. My ratings are based on comments made at the Feb. 18 meeting by users. I support improvements to any and all of these.

5 . Although we don't use the amenities often, they give a good appearance to the area.

6 . In need of conditioning

8. In need of something

7 . WOULD LOVE TO SEE A SPRINKLER/WATER PLAY AREA FOR TODDLERS AND YOUNG CHILDREN UNDER AGE 12!!! IT WOULD FIT SO NICELY WHERE THAT BOCCIE BALL AREA IS THAT I NEVER SEE ANYBODY USE! ALSO, WOULD LOVE TO SEE BENCHES AROUND THE BASKET BALL AREA (LAKE SIDE/TREE SHADE). IT WOULD BE HELPFUL WHEN PARENTS ARE WAITING AT THE BUS STOP.

8 . Tennis courts continue to be in excellent condition, some of the best in the immediate area.

9 . Playground is in horrible condition. Equipment & area.

10 . I have not answered above because we don't use these facilities so I don't have a perception of their condition.

11 . H

12 . Both the Bocce and Horseshoe areas are poorer than poor condition. Neither have scoreboards or benches for participants or spectators. Bocce has poor ball storage and poorly maintained playing surface with no brush, leveler, or roller for player self maintenance. Horseshoe is not set up to horseshoe court standards, has no backboards, and has only partial surfaces for players to stand and pitch from. If these amenities were properly set up there would be considerably more usage.

13 . We need to do a better job on the items that are used before we start adding new ones. Also remove the items no being used.

14 . Bocce and horseshoe pits are a waste of real estate. A net would be nice on the BB hoop. Outdoor amenities are in overall poor condition. Billiards room is ridiculous. No sticks, table in poor condition.

15 . Our pool area is a mess

16 . we do not use many of the amenities, basically did not know about them

17 . If bocce continues to be popular we'll need another court. Horseshoes will need to be expanded as well.

18 . there should be an extra Bocce ball court & in better condition

19 . M

20 . Dont use them so can't comment.

21 . Pool deck needs improving
Nicer and fewer picnic tables

22 . Bring back shuffleboard

23 . We do not use the majority of the items listed above so do not have any input regarding their condition.

24 . Use them so rarely that I don't feel qualified to answer.

25 . have not used unchecked items above

26 . Never used so don't know

27 . I don't feel it's necessary to completely revamp the community activities area.

28 . Love the pool!!

29 . The height of the basketball hoop is way over the height it should be.

30 . Basketball court not a set up for pickle ball.

31 . Have not had opportunity to evaluate the condition of these amenities so I could not comment

32 . N

33 . I marked all the ones that we never use or hardly use as fair as there was no other option.

34 . Putting green would be nice

35 . The basketball hoop is too high per regulation height Also the net is too small and the basketball seems to get stuck a lot

35 . The basketball hoop is too high per regulation height. Also, the net is too small and the basketball seems to get stuck a lot. The playground area could be improved to have a little more for the older kids, not just "toddlers."

36 . Gazebo and water feature are unnecessary and should be removed

37 . toddlers playground has bad flooring, pool deck needs soda machine including water, remove water feature, remove railroad ties in bocce ball area

38 . Why is how long we reside here relevant. We pay the same fees.

39 . One more tennis size court could be triple purposed for pickelball/tennis area and basketball.

40 . Never use the other amenities. Have no idea of their physical condition.

41 . Waterfall is poorly kept up

42 . playground does not meet safety standards

43 . Cannot give comment if I don't use area

44 . Don't know because we never use them

45 . Don't know condition of above or availability

46 . Just moved here, no opinion about section 4

47 . Cannot comment on the other because we don't use them

48 . Areas not checked no comment

49 . Ants in green grass open space

50 . A: needs thicker mulch bed, sharp edges, deteriorating plastic pots
B; Needs easy access from pool area, eliminate fencing to pool area

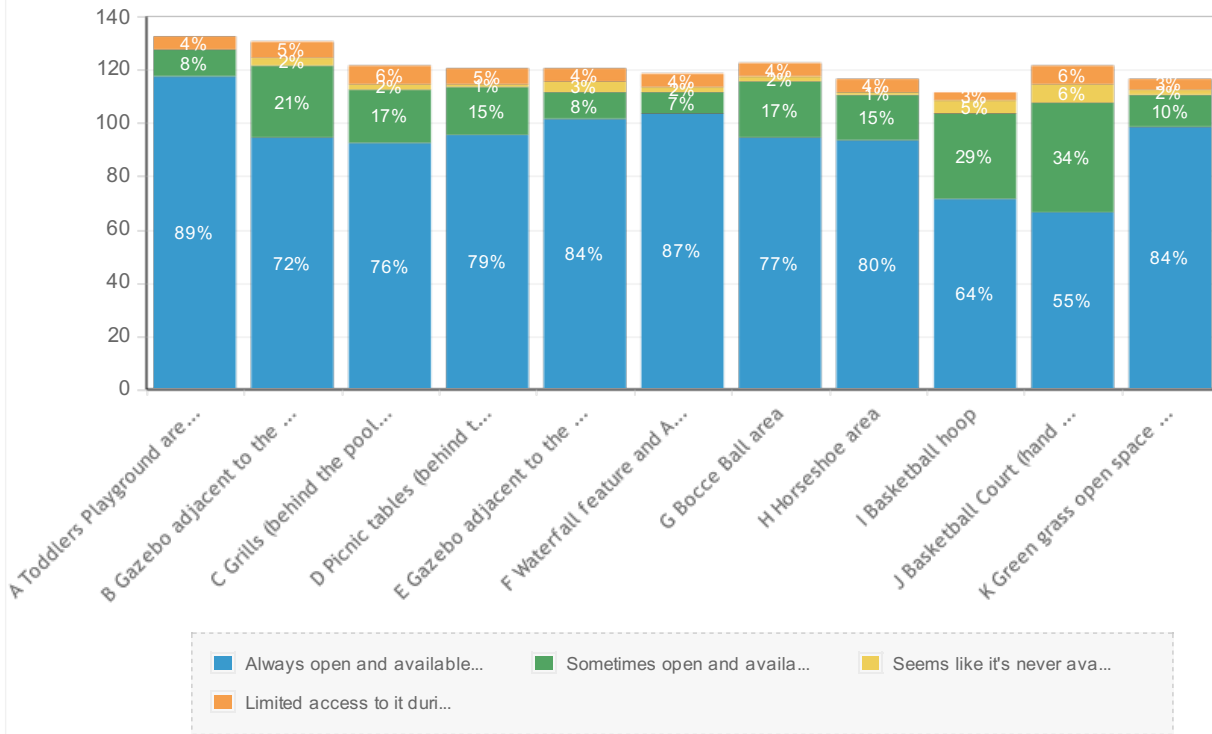

51 . Picnic tables need painting. Benches in Lake Gazebo need painting. Also floor. Remove horseshoes and add shuffleboard. Keep green area.

52 . Don't use/visit, so have no idea of conditions.

53 . Cannot comment on areas not used.

1 . Bigger play area for the kids the older kids we have and not just toddlers.

2 . I like the idea of a dog run or fitness trail. The kids playground is old and needs more things for little ones 1-3 ages. Would like a area for volleyball.

3 . Fitness trail for running/walking that is not cement but something easier on your joints. Like that rubber material used on playgrounds

4 . The children's playground

5 . Upgraded playground equipment with a shade area within eye shot of the pool. Having three kids at the clubhouse means I have to watch three different areas at once. I would love to see teen activities promoted by having a game room or space for that population. Upgraded workout area would be great as well as a wheelchair accessible fitness trail. Can a key fob entry be implemented for security into pool, tennis courts, clubhouse etc.?

6 . Volleyball Court

7 . fishing

18 . Move horseshoe pit; bigger outside terrace near bocce and horseshoe pit with upgraded tables and seating which could also serve as overflow area when poolside chairs are all taken.

19 . adequate facilities, just keep them clean and fix the pool deck. It's looking very poor
