RE: Robin Standridge

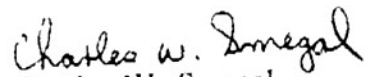

Dear Mr. Crane:

I would like to take this opportunity to commend Robin Standridge on an outstanding job she did in representing your store on a recent case I was handling. The police report which I had only listed one witness and I learned that the witness was no longer employed by K Mart.

Ms. Robin Standridge was able to find out the witnesses new employer as well as his home telephone number and pager number. In addition, she was able to provide me with the names and telephone numbers of two additional witnesses in the case which the police department failed to include in their report.

Her assistance was very helpful in preparing the case for trial. She is a credit to your store.

Sincerely yours,

Charles W. Smegal

Court File 93-104-CIV-7-BR
Our File 93WL0051(A)

Dear Paul:

Early this morning, Robin Standridge served Ms. Debra Pickworth with a Subpoena, Summons and Complaint. Ms. Pickworth, as well as other members of her family, have made service of process very difficult in this case. We had previously unsuccessfully attempted service of these documents upon Ms. Pickworth in Washington state. However, Ms. Standridge, was able to accomplish this task due to her determination and perseverance while still maintaining a very high level of professionalism under somewhat adverse conditions. Our thanks go out APS and especially the extra effort put forth by Ms. Standridge.

We look forward to working with you in the future.

Yours very truly,

Don P. Budlong

Robin,

Just wanted to thank you again for the fantastic work you did in the Clark case. As I said, it's difficult sometimes to know which side is telling the truth, and hard evidence really assists me in making a recommendation to the court. Your agency came up with "the goods" in this case and it made all the difference in the decision of custody. I will be happy to recommend you in the future.

To Whom It May Concern:

This letter will attest that Robin Martinelli has been involved as an Assistant Adjunct Instructor at Gwinnett Technical College for the past six years. During that time Robin has provided instruction to a vast number of students on the topic of private investigation. I chose Robin as an instructor because of her unique abilities and dedication to the private investigations field.

Robin has served as the primary instructor for the course topics dealing with criminal defense investigations and process service, but her investigative abilities extend far beyond those subjects. Robin has established a strong reputation for excellence, and is well respected in the court jurisdictions where she is often called upon to tackle difficult cases, and ultimately provide skillful testimony about the facts of her investigations.

Robin has worked tirelessly to help promote professionalism in this industry and has served as an officer for several investigative related associations. I had the opportunity to hire and train Robin early in her investigative career, and she now owns and operates her own very successful investigative agency. It has been a privilege to know her and to have the opportunity to work with her whether it is in training, or in the field on that next investigative puzzle that has to be solved.

Sincerely,
