

## RENT A WIRELESS CREDIT CARD TERMINAL

### Perfect solution for:

- Tradeshow Events.
- Concerts & Special Events.
- Auctions & Raffles, Fundraise
- Onsite Ticket, Retail,
- Food & Beverage Sales.
- Art & Craft Shows.
- Weekend Tent Sales & Car Shows.

We do all the legwork to get you set up and work with your current merchant service provider to activate the wireless machines to your merchant services account. Once activated and tested, the machines are shipped directly to you (shipping not included). When the machines arrive, they are ready to use, turn-key, out of the box. Included you will find a Quick Reference Guide and User's Manual, as well as our 24-hour technical support toll. Give us a call and we'll walk you through a test transaction and training on the machine. The wireless machines run off of their own Mobile SIM card to give instant authorization of credit card sales. The internal printer will print two receipts, one for a signature and one for the client to keep. The top of the receipt will indicate the name of your business, address and phone number and you can customize the bottom of the receipt (i.e. Thank you), up to 48 characters For more information call 661-478-057

Exceptionally affordable wireless credit card solutions for businesses. Need to process credit cards for the weekend tradeshow? Call us today at 661-478-0657. We have the perfect solution.
