"I wanted a Medical Intuitive Reading to help me expand my diet. At the time I met Susan for my first session I was only able to eat about 10 different foods. Through Susan's reading and an internal understanding of what my body was trying to tell me I have now expanded my diet almost to that of a normal persons variety of foods. A technique that she taught me has helped me in many other aspects of my life and I am anxious to have my next reading." - Lorie S., Key Accounts Manager, Rocklin, CA
