

INVEST IN YOUR CHILD

Much of your child's life is spent at school. Why send them to a place that does not support, or possibly undermines, the values that you are raising your child to believe? Teaching a child correctly from an early age will prevent a lifetime of undoing mistakes of the past. For over 30 years we have educated children's minds, hearts and spirits. We provide a nurturing atmosphere combined with a reason to succeed.

We Have What You're Looking For

The most important responsibility of your life is the care and training of your child. We are a school that works with you and for you.

The following statements are from currently enrolled families:

WE ARE MORE
THAN CHAMPIONS

"Probably the best staff I have ever dealt with!"

"We love the school, everyone is very pleasant."

"Very good academics and discipline."

"A daily blessing to our children."

"I love that parent participation is welcomed."

"You give parents like me hope with our child."

"My kids would have a fit if I even considered another school! (which I wouldn't anyway)."

We Excel So Students Succeed

Our curriculum exceeds state standards. Annual standardized testing consistently shows our average performance exceeding 3/4 of the students in the USA.

Our friendly and approachable teachers are Christian role models. They have an average tenure of 12+ years with ICS. Nearly 50% have earned MA degrees in education.

Our graduates have become successful professionals in many fields including physicians, lawyers, and teachers. Younger graduates have achieved recognition in high schools for outstanding academic and leadership qualities.

Our students display outstanding Christian character in league sports and have received top honors county wide in art, math, speech and spelling.

Our parents were surveyed and gave us an A— average rating for 33 areas of school performance.

Most importantly, we have helped thousands of students over the years to develop into Christians who have a purpose for living and the tools to honor God in all that they do.
