

**Attention organizations:
Train your staff consultants
for minimal cost and travel!**

The Society for Church Consulting offers you an opportunity to conduct a four-level consultant training program in the comfort and convenience of your own facility. With almost 1,000 students since 2002, our program was originally developed by **Dr. Thom Rainer** (LifeWay CEO) and **Dr. Chuck Lawless** (dean and author).

Benefits include:

- Three-day training curriculum taught by experienced consultants and authors
- Discounted tuition for your team
- Updated content and research from multiple sources

Our well-known instructors have varied denominational backgrounds, and will be sensitive to your needs. Recent organizations we've worked with include the Southern Baptist Conservatives of Virginia, Buncombe Baptist Association, and the Illinois Baptist State Association.

What we request of our organizational hosts:

- Classroom seating for up to 50 people
- Podium with a microphone, wireless lapel mic, and sound system
- Projector and screen
- Wireless internet access for participants; extension cords for laptop connection
- Tables for sign-in and materials
- Food/beverage in an adjacent or nearby room – provide continental breakfast, light lunch, and break refreshments
- Breakfast to be available around 7:15 a.m., and lunch at noon
- Willingness to include students outside your organization
